EDUCATION

BTech - DJ Sanghvi College Of Engineering -CGPA : 8.6 - 2026
Holy Family Junior College - 86.83% - 2022
Holy Family Covent School - 91.20% - 2020

INTERNSHIP EXPERIENCE

Arcon Technologies Pvt Limited 06/2025-07/2025
SDE Intern

- Refactored and optimized backend modules in a large .NET codebase, reducing API response time by ~20%.
- Resolved 5000+ SonarQube-reported issues, including code smells, bugs, and security vulnerabilities, significantly improving code quality, maintainability, and compliance.
- Applied SOLID principles and best practices to modernize legacy components, enhancing readability and testability

Ultraceuticals 12/2024 - 03/2025
AI Intern

- Designed and developed an AI agent powered by Large Language Models (LLMs) to identify drug–target pairs and analyze potential off-target effects.
- Built an autonomous agent capable of interpreting natural language queries and generating executable pandas code to extract insights from complex biomedical CSV datasets.

TECHNICAL PROJECTS

Patient Management System
Tech Stack: Spring Boot, Kafka, gRPC, JWT, Docker, AWS LocalStack, API Gateway
Summary: Developed a microservices-based patient management system with event-driven communication using Kafka and gRPC. Implemented JWT-based authentication, API Gateway routing, and containerized services with Docker for scalable deployment on AWS LocalStack with load balancing.

RESOLVR
Tech Stack: FastAPI, LlamaIndex, LiveKit, PostgreSQL, Twilio API, Groq, OpenAI
Summary: Built an AI-powered complaint resolution system that analyzes sentiment, prioritizes tickets, and retrieves contextual solutions using a RAG pipeline. Integrated real-time AI calling agents using LiveKit, Twilio, and OpenAI for automated customer interaction.

ACHIEVEMENTS

1st Prize, Bit N Build International Hackathon sponsored by IDFC First Bank

1 st Prize, *Datazen, Kj Somaiya College Of Engineering*
Datazen Datathon 2025 Core Ml Domain

Winner : Technograd 2.0 (2024)
1st Runner-up : Technograd 3.0 (2025)

1st Prize, *NSDC, Dwarkadas J Sanghvi College Of Engineering*
ML Kaggle Competition by DJS NSDC & ULTRACEUTICALS
